Brief Description of Arguments to be Presented:

The "compounded polymer composition" as claimed is different from the mixture of polymers in the prior art.

The discussions related to "constant flow rate" are moot in light of the differences between the claimed

"compounded polymer composition" and the prior art, and the previous remarks re: the 112 rejection.

An interview was conducted on the above-identified application on _____.

NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
